Introduction

On 3rd August 2016 we issued Customer Notice LLWR-CN-2016-13 that introduced our new WAP forms. The new forms ensure compliance with LLWR's revised Environmental Permit and Waste Tracking System.

The notice set out the transition timescales and stated that the old and new forms would be available on the website until 31st October 2016 and accepted until 1st November 2016, after which time submissions would only be accepted on the new versions of the forms.

End of transition period

Customer comments on the new forms introduced in August have received due consideration and, where possible, they have been addressed in the WAP forms. This has resulted in minor amendments to the Waste Characterisation (WCH), Waste Consignment Variation (WCV) and the Waste Consignment Information Disposal, Supercompaction and Diversion (WCI) forms.

These latest versions are now available on the website with the following version numbers (issued November 16). Response times for the WCI forms have increased as previously communicated.

Form:	Current Version:	Response Time
Waste Characterisation (WCH)	WSC-FOR-WCH v3.6	30 days (unchanged)
Waste Consignment Variation (WCV)	WSC-FOR-WCV v3.2	15 days response (unchanged)
Waste Consignment Information Disposal (WCI)	WSC-FOR-WCI v3.7	15 days
Waste Consignment Information Supercompaction (WCI)	WSC-FOR-WCI_SUP v3.0	15 days
Waste Consignment Information Diversion (WCI)	WSC-FOR-WCI_DIV v3.6	10 days

Further Information and Questions

If you require any further information or have any queries relating to this Customer Notice, please send an e-mail to: customerteam@llwrsite.com or call: Andy Bicknell on 019467 70291.
