

Introduction

This notice is to inform customers that the consultation period for the changes to the Waste Loading Plan Information Form issue 3.2 has ended; the document is now available for use.

New Waste Loading Plan Information Form – (WSC-FOR-WLP)

The revised WLP Information Form provides customers with a self-assessment option for authorising WLP's. This option is subject to the treatment route, package design and transport chain transfer points. The new form has been reduced to two pages which simplifies the process. Further details on the process can be found in the revised PAA-GN15 - Guidance on the process and preparation of Waste Loading Plans (Issue 2)

The revised WLP form version 3.2 should be used with immediate effect. LLWR will continue to accept version 3.1 until 28th February 2015 to cover part prepared forms.

The WLP Information Form issue 3.2 and the PAA-GN15 - Guidance on the process and preparation of Waste Loading Plans are available at www.llwrsite.com/customer-portal/packaging.
