

Introduction

This notice is intended as a reminder to all consignors, consignees and operators of LLWR Approved Packages Designs regarding their permitted operational temperature ranges.

Operational Temperature Ranges

May we draw your attention to this week's weather forecast, where temperatures in some parts of the UK are expected to fall below -10°C.

LLWR approved transport packages are not permitted to be transported outside of their operational temperature ranges. The range is between -10°C and 38°C for the majority of LLWR package designs.

If it is anticipated temperatures are to fall below -10°C, consignees must postpone shipments until a compliant weather window becomes available.

A summary of operational temperature ranges for LLWR Package Designs is listed in the tables below:
