

Introduction

This notice is to provide confirmation to Customers of the Service Pricing revisions that come into effect for consignments delivered on or after the 1st April 2015.

LLW Disposal Price Increase

For waste consignments delivered after 1st April 2015, the Volume Charge for LLW Disposal Services will increase in line with RPI for the period December 2013 to December 2014, equivalent to 1.6%. This increases the Disposal Charge from £2,990/m³ to £3,038/m³.

The Volume Charge increase results in equivalent increases under the Disposal Charges for Supercompacted Waste. The Overweight Charge for containers and the Radioactivity Charges remain unchanged.

Supercompactable Waste Treatment Service Price

We have moved from a fixed price for Supercompactable Waste treatment to an estimating norm as we now have two suppliers able to process waste of this type, the price for Supercompaction remains pass through. The price for a Supercompactable Waste consignment will be detailed in a Waste Services Quotation following the submission of a Waste Enquiry Form.

Packaging Service

The estimating norms for all packages supplied by LLWR have been revised to reflect the current package price.

The full list of prices and estimating norms for LLWR's services are published in the Service Price List (WSC-SPR-LIS) which can be found at www.llwrsite.com/customer-portal/service-pricing/
