

## Launch of the new TC25 re-usable “ISO Platform Container” to the LLW Repository Ltd Fleet, for the transport of un-packaged wastes.

### Introduction

The new TC25 “ISO Platform Container” offers customers a transport system for moving “un-packaged” waste items selected for waste diversion or waste treatment.

### Primary intended use

The use of the TC25 could avoid extensive size reduction, compared to using other transport systems for heavy/large waste item transport. Providing waste is declared as either Surface Contaminated Object -I or Low Specific Activity -I, the TC25 offers a heavy payload capability with integrated tie down features and is compatible with TC02 stillage's. The TC25 is a side loading system and has the flexibility of a removable roof, to offer top loading for heavy/large bulky payloads. During transport the TC25 is fitted with its removable roof and its curtains are dropped down to offer consignors a modernised transport solution for moving un-packaged wastes. LLWR Fleet consists of 2 x TC25 units which are available for hire at £200/week.

### Key features of the TC25 ISO Platform Containers

- 20ft ISO Container footprint with the rigid end walls, with 30,000kgs gross weight.
- Removable light weight roof assembly (fitted with fork pockets).
- 8 x equi-spaced twist lock fittings attached to the base permitting the use of a TC02 Stillage S2 (full size) and S3 (half size) for payload restraint (see Fig 1).
- 5 x equi-spaced ‘D’ ring fixings (rated to 18,000kg each) fitted longitudinally to each side of the base, permitting direct lashing of items to the steel platform base (see Fig 1).
- Integrated tarpaulin curtains (vertical drop down configuration) attached to sides to facilitate closed transports (see Fig 2).

### Associated Documentation

The TC25 is launched with a dedicated Data Sheet and Package and Handling Instructions. The TC25 documentation is downloadable from the LLW Repository Website; [www.llwrsite.com/customer-portal/packages/TC25](http://www.llwrsite.com/customer-portal/packages/TC25).
